Executive summary

The purpose of this report is to review Sound Transit fare revenue, farebox recovery rates and the status of various fare-related programs.

The 2021 Fare Revenue Report shows that the COVID-19 pandemic continued to greatly affect Sound Transit, with ridership down 63% and fare revenue down 71% from pre-pandemic 2019 totals. On a positive note, ridership in 2021 was up 13% from the previous year in part to the improving COVID-19 pandemic conditions as well as the opening of the Link Northgate extension in October.

While ridership was up slightly in 2021 as compared to 2020, fare revenue was down 8% as the agency experienced a lower level of fare payment compliance – particularly on Link light rail. In August, Sound Transit started the Fare Ambassador Pilot program emphasizing passenger fare education and customer service to encourage fare compliance. Also, Sound Transit continued to respond to riders affected by the pandemic’s economic challenges by increasing assistance through reduced fare programs.

Ridership and fare revenue: In 2021 ridership increased by 13% compared to 2020 and was down by 63% from 2019.

- In 2021, systemwide fare revenue declined by 8% to \$28.1 million, compared to \$30.6 million in 2020 and \$96.9 million in 2019.
 - Link fare revenue increased by \$4.3 million (38%) from 2020 and was down by \$27.6 million (-64%) from 2019;
 - ST Express fare revenue decreased by \$3.8 million (-28%) from 2020 and was down by \$26.7 million (-73%) from 2019;
 - Sounder fare revenue decreased by \$2.9 million (-51%) from 2020 and decreased by \$14.5 million (-84%) from 2019.
- Working from home continued to reduce Sound Transit’s fare revenue from ORCA Business Passport accounts. The ORCA Passport program involves transit agencies working with businesses to provide transportation services to employees and students. Business Passport fare revenue declined by 33% from \$18.3 million in 2020 to \$12.3 million in 2021 as many employers continued to employ a remote or hybrid work model.

Farebox recovery rates: Per Sound Transit’s fare policy, farebox revenue should recover a specified percentage of operating costs. In 2021 all modes were below the fare policy for minimum farebox recovery thresholds as fare revenue continued to reflect lower ridership due to the pandemic.

- ST Express bus farebox revenue was 7% of operating costs in 2021; lower than the 20% minimum policy threshold.
- Sounder farebox revenue was 5% of operating costs in 2021; lower than the 23% minimum policy threshold.
- Link farebox revenue was 10% of operating costs in 2021; lower than the 40% minimum policy threshold. Link operating expenses increased in 2021 from 2020 as the agency ramped up to begin service for the Northgate Link and East Link extensions. Per Sound Transit fare policy, minimum farebox recovery ratios are not applicable to services in start-up phase. However, if start-up costs were removed from the equation, Link’s farebox recovery ratio would still not be close to meeting the minimum policy threshold.
- Start-up costs for light rail extensions will likely impact the Link farebox recovery rate through 2024, when the Lynnwood, Federal Way and Downtown Redmond light rail expansions are scheduled to open.

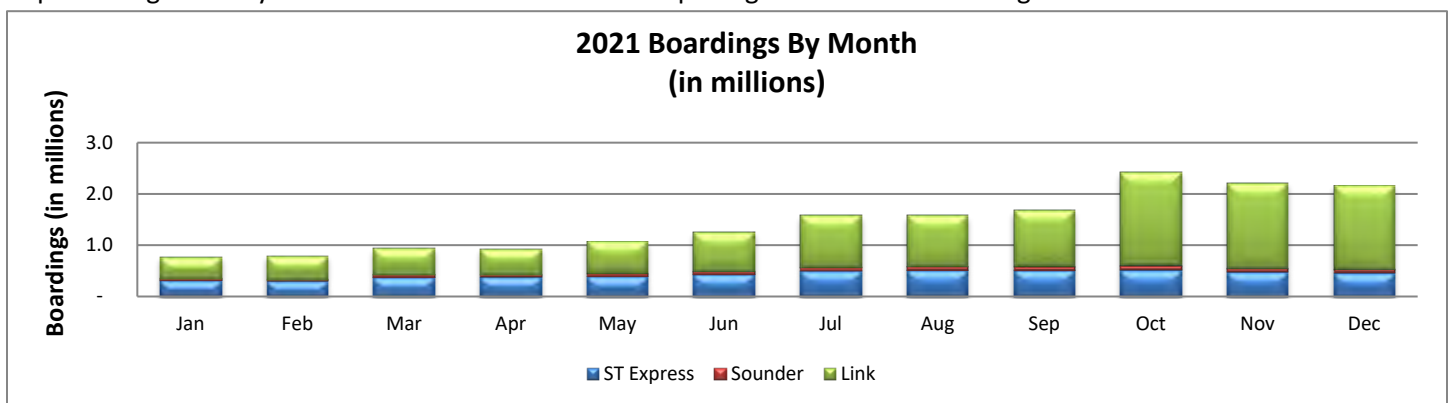

- The issue of farebox recovery rates not meeting minimum policy thresholds has been flagged for the Sound Transit Board and information was included in the Board's Fares Workshop held on March 16, 2022. Sound Transit will continue to monitor and report to the Board on farebox recovery rates as ridership returns from the pandemic and Sound Transit opens new Link service extensions.

Increased assistance for riders with low incomes: In 2021, Sound Transit continued to work with our partners to assist the most vulnerable members of our communities to access transit services and the opportunities they provide. Sound Transit continued several fare-related efforts to assist riders with low incomes or those experiencing economic hardship, including:

- Funding additional outreach to promote registration for ORCA LIFT low-income fare program.
- Partnering with Metro, Seattle-King County Public Health, Catholic Community Services and the Washington State Department of Health and Social Service to increase ORCA LIFT enrollment, especially in Pierce and Snohomish counties. By the end of 2021, there had been more than 160,000 ORCA LIFT enrollments with more than 37,000 riders with active cards.
- Incentivizing registration for ORCA LIFT by providing \$10 preloaded (approximately 6-10 free rides) on ORCA LIFT cards for people who register for ORCA LIFT.
- Continuation of the ORCA LIFT Subsidized Annual Pass Pilot Program with King County Metro. For this program, Sound Transit and King County Metro are providing free 12-month ORCA passes to riders with incomes 80% of the federal poverty level (or lower) who are enrolled in one of six state benefit programs.
- Continuation of a program to test the use of ORCA cards as a means of providing Human Services Program tickets and providing additional human services tickets at a 90% discount to human service agencies;
- Lowered reduced fares for Sounder riders. In December 2020, the Sound Transit Board approved lower Sounder fares for ORCA LIFT, Youth and Regional Reduced Fare Permit holders (Seniors and Riders with Disabilities), starting in March 2021. The new fares make Sounder more accessible and simplify Sound Transit's fares systemwide by bringing these Sounder fares in line with Link light rail and ST Express bus fares. ORCA LIFT and Youth riders can now go anywhere on Sound Transit service for \$1.50, and Seniors and Riders with Disabilities can ride anywhere on Sound Transit for \$1.00. (Note: in May of 2022, the Sound Transit Board approved lowering the ORCA LIFT fare to \$1.00 on all modes).

The pandemic also changed how Sound Transit conducted fare inspection. In 2021, consistent with Board direction on fare engagement, Sound Transit replaced fare enforcement officers with Fare Ambassadors who conduct fare inspections, provide education and assistance and focus on warnings to reduce fare evasion.

The graph below shows how ridership in 2021 improved by month as the pandemic conditions eased. Monthly boardings were as low as 700,000 in January and by October the monthly total had increased to 2.4 million. Ridership improved significantly with the vaccine rollout and the opening of the 4.3-mile Northgate Link extension in October.

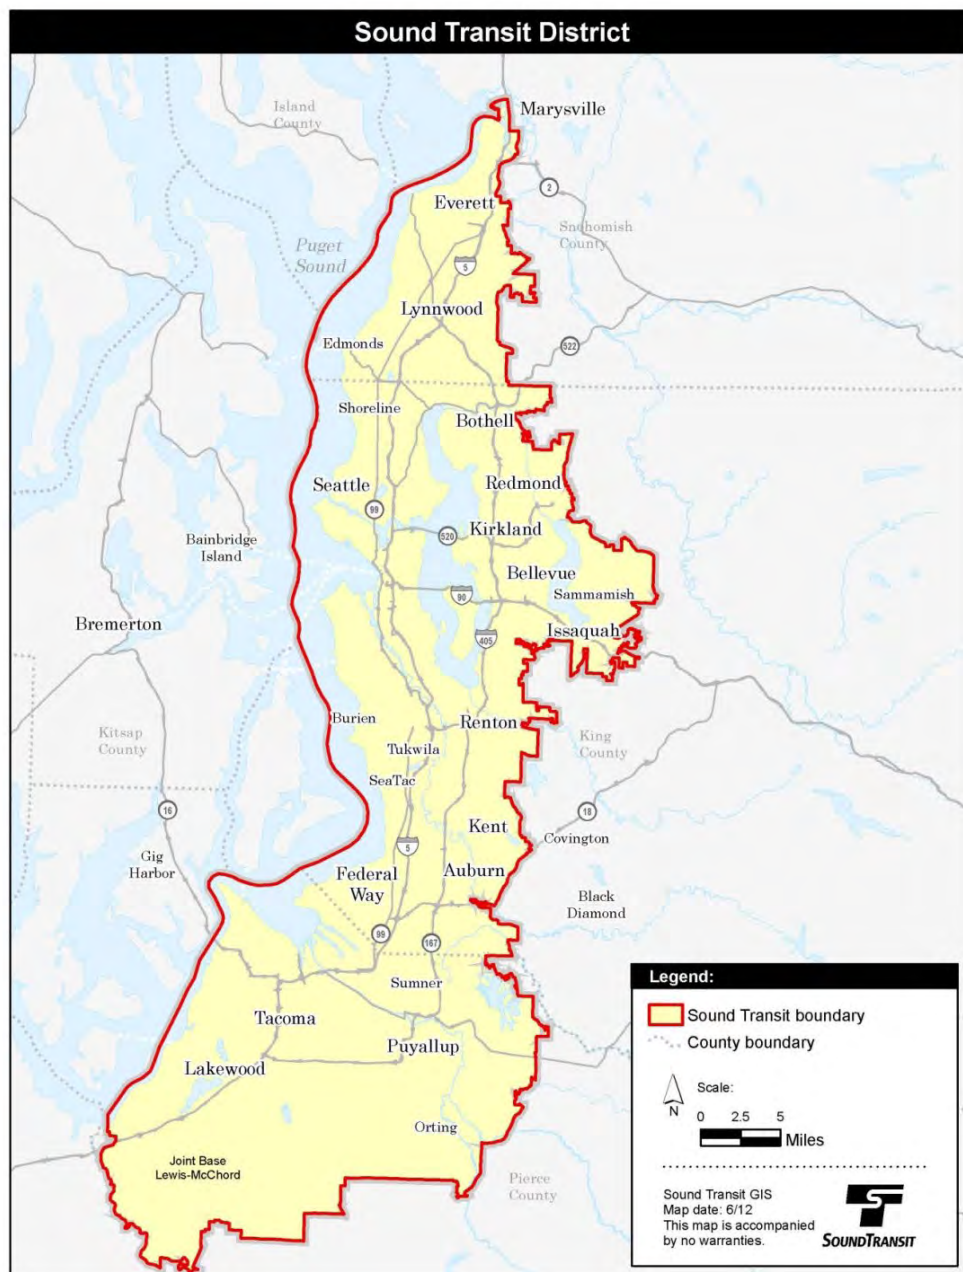

Overview

Transit fares are an important source of revenue to fund transit operations. Through 2046, Sound Transit's long-range Financial Plan assumes \$7.0 billion of fare revenue, approximately 5% of the revenue anticipated in Sound Transit Financial Plan.

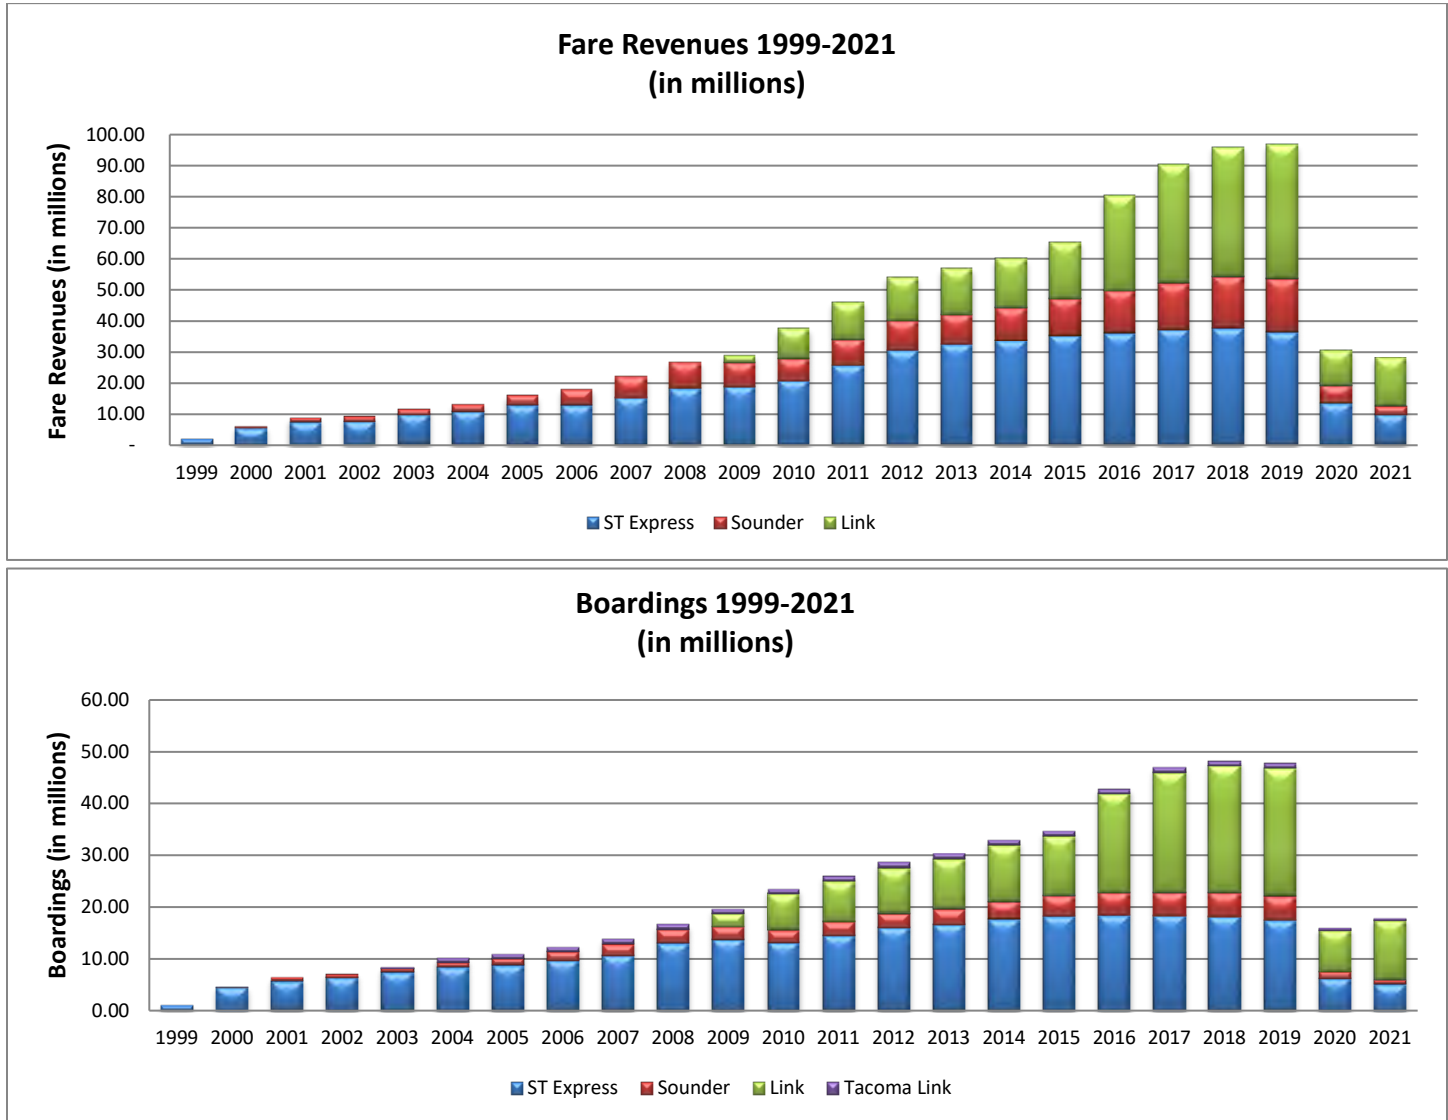

Sound Transit policy sets farebox recovery targets at a minimum percentage of total operating costs, and this ratio varies by mode as defined in Sound Transit Board Resolution 2014-27.

Figure 1: Sound Transit District

Sound Transit fare revenue and ridership

The two graphs below show that Sound Transit ridership and fare revenue grew significantly from 1999-2019. In 2020-2021, however, the COVID-19 pandemic caused ridership and fare revenue to drop to levels not seen since 2008-2009.

Sound Transit operational milestones

- September 1999 – ST Express service begins
- September 2000 – Sounder rail service begins
- August 2003 – Tacoma Link service begins
- July 2009 – Link light rail begins service from Westlake to Tukwila International Boulevard
- December 2009 – Link light rail begins service to Sea-Tac Airport
- October 2012 – Sounder extension to South Tacoma and Lakewood begins
- March 2016 – Link light rail begins service to Capitol Hill and the University of Washington
- September 2016 – Link light rail begins service to Angle Lake
- October 2021 – Link light rail begins service to Northgate, Roosevelt and U-District

Fare structure

Sound Transit's fare structure varies based on mode of service, distance traveled and/or the rider's fare category. With the exception of ORCA LIFT, our customer fare categories are consistent with those of the other five transit agencies participating in the ORCA system for regional fare payment:

- **Adult:** Ages 19 to 64
- **Youth:** Ages 6 to 18 or riders with a valid high school ID (children 5 or younger ride free)
- **Reduced:** Ages 65 or older, persons with disabilities or Medicare card holders (requires a valid Regional Reduced Fare Permit as proof of eligibility on buses)
- **Low income (ORCA LIFT):** Riders with household income equal to or less than 200% of the federal poverty level (enrollment by authorized ORCA LIFT agencies with income verification – Pierce Transit does not have an ORCA LIFT fare)

Sound Transit is participating, on a demonstration program basis, in King County Metro's program for very low-income riders:

- **Subsidized Annual Pass:** Riders with household incomes equal to or less than 80% of the federal poverty level and who are enrolled in one of six state benefit programs – TANF/SFA, RCA, ABD, PWA, SSI, HEN (enrollment by authorized DSHS, Public Health, and Community Services agencies with income verification and state benefit programs)

Link

Link light rail currently serves 19 stations on a 24.3-mile line in Seattle and South King County, including service to Northgate, the University of Washington, downtown Seattle and Sea-Tac Airport. Link charges a base fare of \$2.25 plus a distance charge of \$0.05 per mile, rounded to the nearest \$0.25. Please see Appendix A for fare charts per station.

Fare Range, Effective October 2021	
Adult	\$2.25 - \$3.50
Youth	\$1.50
Reduced fare	\$1.00
ORCA LIFT	\$1.50

ST Express

ST Express buses provide transportation services throughout Snohomish, King and Pierce counties. ST Express routes provide fast service between major cities and job centers, and they allow for convenient transfers to train and local bus service. In April 2018, the Sound Transit Board approved Resolution R2018-05, a fare change reducing the multi-county fares for youth, ORCA LIFT and reduced-fare passengers (seniors and riders with disabilities) to the one-county level, effective July 1, 2018, and establishing a flat fare of \$3.25 for adults effective July 1, 2020.

July 1, 2020 - Present All Routes	
Adult	\$3.25
Youth	\$1.50
Reduced fare	\$1.00
ORCA LIFT	\$1.50

Sounder

Sounder provides weekday rail service to and from Seattle during peak hours. Sounder South extends 47.6 miles from Seattle to Lakewood, serving eight stations in Pierce and South King counties. Sounder South also provides limited reverse-peak service between Seattle and Tacoma. Sounder North extends 34.2 miles from Seattle to Everett, serving three stations in Snohomish County. Sounder charges a base fare of \$3.05 plus a distance charge of \$0.055 per mile, rounded to the nearest \$0.25. Please see Appendix A for fare charts per station.

In December 2020, the Sound Transit Board approved Resolution R2020-28, reducing and establishing a flat fare of \$1.50 for Youth and ORCA LIFT and \$1.00 for Regional Reduced Fare Permit riders (Seniors and Riders with Disabilities) effective March 1, 2021. This fare change aligns the fares for these rider groups across all Sound Transit modes.

	As of March 1, 2021		March 1, 2016 - February 28, 2021	
	North Line	South Line	North Line	South Line
	Fare Range	Fare Range	Fare Range	Fare Range
Adult	\$3.25 - \$5.00	\$3.25 - \$5.75	\$3.25 - \$5.00	\$3.25 - \$5.75
Youth		\$1.50	\$2.50 - \$3.75	\$2.50 - \$4.25
Reduced fare		\$1.00	\$1.50 - \$2.50	\$1.50 - \$2.75
ORCA LIFT		\$1.50	\$2.50 - \$3.75	\$2.50 - \$4.25

Tacoma Link

Tacoma Link light rail provides transportation services on a 1.6-mile line in downtown Tacoma between the Tacoma Dome and the Theater District/9th Street. Since the cost of fare collection would exceed projected revenue, Tacoma Link has operated from the start as a fare-free service.

In April 2016, the Sound Transit Board adopted Resolution R2016-10, postponing fares on Tacoma Link until the 2.4-mile Hilltop extension begins service in 2023. Currently Sound Transit receives \$29,000 per year under an agreement with the City of Tacoma and local Tacoma businesses in lieu of fares for Tacoma Link. Future fare levels for Tacoma Link will be established by the Sound Transit Board in 2022.

Farebox recovery

Sound Transit policy establishes that farebox revenue must recover a specified percentage of operating costs. The percentage of farebox revenue to operating costs is called the farebox recovery ratio. Sound Transit calculates farebox recovery ratios by dividing fare revenues by direct and indirect service operating costs. Sound Transit policy was most recently stated in ST Board Resolution No. R2014-27, which establishes minimum farebox recovery ratio thresholds as follows:

- Link: 40%
- ST Express: 20%
- Sounder: 23%

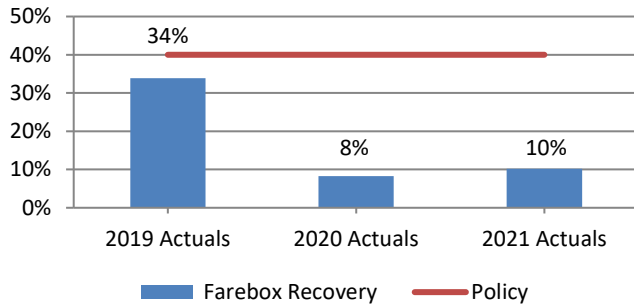

In 2021, Link had an increase in farebox recovery rate over 2020 while the other modes dropped due to reduced ridership as a result of the pandemic and economic conditions.

- Link farebox revenue was 10% of operating costs in 2021 and 34% in 2019; lower than the 40% minimum policy threshold.
- ST Express bus farebox revenue was 7% of operating costs in 2021; lower than the 20% minimum policy threshold and lower than the 25% farebox recovery in 2019.
- Sounder farebox revenue was 5% of operating costs in 2021; lower than the 23% minimum policy threshold and lower than the 31% farebox recovery in 2019.

While Link fare revenue increased in 2021 due to an increase in ridership, start-up expenses were also incurred as the agency ramped up for Northgate and East Link service. In this situation, the agency is incurring expenses for the start-up of Northgate and East Link service, lowering the farebox recovery rate. Since Sound Transit will open several Link extensions in the coming years, incurring start-up costs prior to starting fare collection, Link can be considered to be in “start-up” phase through 2025. If start-up costs were removed from the equation, however, Link’s farebox recovery rate would still not be close to meeting the minimum policy threshold of 40%. The issue of farebox recovery rates not meeting minimum policy thresholds has been flagged for the Board and included in the Board’s Fares Workshop held on March 16, 2022. Sound Transit will continue to monitor and report to the Board on farebox recovery rates as ridership returns from the pandemic and Sound Transit opens new Link service extensions.

Passenger fare revenue by mode

Sound Transit fare revenue decreased overall by \$2.5 million in 2021, and boardings decreased by 1.9 million. Link accounted for 55% of the total passenger fare revenue, ST Express was 35%, and Sounder was 10%.

In 2021, the overall average fare per boarding was \$1.62, down from \$1.98 in 2020 as fare payment compliance continued to be below pre-covid levels.

	\$ 1.62	\$ 1.98	-18%	-4%

Passenger fare revenue by source

Sound Transit receives fare revenue from ORCA products, Sounder and Link ticket sales, and cash farebox receipts on ST Express. ORCA product use on Sound Transit services accounted for 78% of total fare revenue in 2021, down from 90% in 2020 and 85% in 2019. The ORCA share declined in 2021 driven by lower ORCA Business Passport revenue.

The breakdown of detailed revenue and ridership amounts for all product types, passenger types and route-level details relies on various assumptions for the allocation of non-ORCA generated revenues. These allocations may change and evolve as ridership and payment patterns change. The following is a brief description of the various fare payment methods and how those revenues are allocated.

ORCA products

ORCA Business Passport agreements are annual contracts based on the actual transit usage for a company or a geographical area and allocated to each agency based on the annual rate specific to each agency.

Per Sound Transit Board policy, Business Passport agreements need to be “priced according to the actual or estimated use at a level no lower than the fare revenue expected from the pass users as a group if the bulk purchase/distribution program were not in place.” The expected fare revenue is the amount of fare revenue historically collected from the group of program participants, based on their transit use prior to the Passport program. This amount acts as the introductory price for the initial Passport agreement. Agencies price renewal contracts based upon actual ridership during the prior contract period, which regularly results in revenue increases since the introduction of Passport programs usually results in increased ridership.

ORCA e-purse is stored transportation value used like cash to pay a fare. E-purse revenues are allocated to each agency and mode based on all trips traveled by the rider within the two-hour transfer window. For trips involving multiple agencies (“linked trips”), the highest total single fare of the linked trip is allocated among each of the agencies traveled. Each agency’s revenue allocation for a linked trip is based in proportion to the actual cash value of the fare each agency would have charged for the service.

ORCA Regional PugetPass is a monthly regional pass that allows for travel on bus, light rail or train services within the region on one or more participating agencies' transit services. Regional passes are sold in denominations valid for payment of trip fares ranging in value from \$0.50 to \$5.75. ORCA agencies price the pass based on the value of 36 monthly trips, or \$9 per month for every \$0.25 in pass value. Funds received from the purchase of regional passes are allocated in proportion to the total value of services used on each agency during the period in which the pass is valid.

Non-ORCA products

Paper tickets are sold for one-way fares or as round trip/day passes via ticket machines for travel on Link and Sounder. Paper tickets are valid only for the origin and destination for which they are purchased. Ticket machines are located at all Link light rail and Sounder rail stations, and also at select transit centers.

Farebox includes cash and paper tickets deposited into fareboxes, and are specific to ST Express.

Mobile tickets are available via the Transit GO Ticket mobile app. The app provides day passes, one-way and round-trip tickets for Link light rail and Sounder, and one-way tickets for ST Express. The mobile ticketing option started in December 2016 for Link light rail and Sounder, and in November 2019 for ST Express. In 2021, mobile ticket sales were \$920K, up from \$233K in 2020.

Other generally consists of revenues and boardings from non-ORCA fare media such as:

- Paper tickets such as Human Services Program tickets
- Unpaid rides including children ages 5 and under, Personal Care Attendants for riders with disabilities, free ride tickets, police officers or estimated fare evasion (see detail in "Special rates of fare" section)

Link

Link fare revenue increased by \$4.3 million in 2021 after decreasing by \$31.9 million in 2020. Link ridership increased by 3.6 million in 2021. Sound Transit attributes the ridership increase to more return to work after the vaccine rollout and opening of the Northgate Link extension in October.

¹ ORCA Business Passport – Combination of per trip, and fixed annual contracts that are priced based on previous year's ridership. 2021 average fare per boarding decrease due to lower revenue in per trip annual contracts than in previous years.

Revenue by passenger type

Adult passenger fares accounted for 94% of total Link revenues with 3% from youth, 2% from reduced-fare passengers (qualifying seniors and persons with disabilities) and 1% from ORCA LIFT (low-income adults). Link averaged more than 3,200 unique ORCA LIFT (low-income) passengers monthly in 2021, up from about 2,200 in 2020.

Fare evasion

Due to safety concerns related to the pandemic, electronic fare media inspection was suspended in 2020 until August 2021. During this period Fare Enforcement Officers performed a lighter touch version of fare compliance including visual fare inspection, however ORCA proof of payment was not able to be verified. In August 2021, Sound Transit replaced Fare Enforcement Officers with Fare Ambassadors who conduct fare inspections, provide education and assistance and focus on warnings to reduce fare evasion.

The Fare Ambassador Pilot Program that began in August 2021, grew out of passenger feedback and community engagement that expressed discomfort with Fare Enforcement Officers who resemble law enforcement. In response, Fare Ambassadors have different and less intimidating uniforms that make it easy to recognize that they are there to

help. Their focus is on passenger education and customer service rather than enforcement, with particular emphasis on how to purchase ORCA cards and passes and how income-eligible passengers can obtain ORCA LIFT cards. Fare Ambassadors began fully validating proof of payment by allowing passengers to tap their ORCA card on our devices on October 11th, 2021.

ST Express

ST Express is Sound Transit's second largest mode in terms of boardings, serving major transportation corridors and transit centers in the Sound Transit District. Ridership decreased by 1.1 million in 2021 as a result of the pandemic, and revenue decreased by \$3.8 million. Sound Transit suspended and/or reduced service on several routes in 2021 due to operator shortages, including route 566 Auburn – Overlake, 577 Federal Way – Seattle, 578 Puyallup – Seattle, 580 South Hill – Puyallup, 590 Tacoma – Seattle, 592 DuPont – Seattle, and 594 Lakewood – Seattle.

Revenue by payment type

ST Express Payment Type	REVENUES			Change

² ORCA Business Passport – Combination of per trip and fixed annual contracts that are priced based on previous year's ridership. 2021 average fare per boarding decrease due to lower revenue in per trip annual contracts than in previous years.

Revenue by passenger type

Adult fares account for 93% of total ST Express revenues, with 3% from reduced-fare passengers (qualifying seniors and persons with disabilities), 2% from youth and 2% from ORCA LIFT passengers (low-income adults). ST Express averaged more than 2,900 unique ORCA LIFT (low-income) passengers monthly in 2021.

Sounder

Sounder revenue decreased by \$2.9 million in 2021 primarily from COVID-19 impacts, with ridership decreasing by more than 500,000 boardings. In 2021, Sounder South fare revenues decreased by 50%, and Sounder North revenues decreased by 61% led by declining revenue from ORCA Business Passport use as some employers allowed employees to continue to work remotely.

Fare compliance

Due to safety concerns related to the pandemic, electronic fare media inspection was suspended in 2020 until August 2021. During this period Fare Enforcement Officers performed a lighter touch version of fare compliance including visual fare inspection, however proof of payment was not able to be verified. Consistent with Link, in August 2021 Sound Transit replaced Fare Enforcement Officers with Fare Ambassadors who conduct fare inspections, provide education and assistance and focus on warnings to reduce fare evasion. Fare Ambassadors began fully validating proof of payment by allowing passengers to tap their ORCA card on our devices on October 11th, 2021.

Revenue by line

Sounder revenues are allocated to Sounder North and Sounder South based on the origin/destination of the trip taken. The maximum one-way adult fare on Sounder North is \$5.00, and is \$5.75 on Sounder South. The Sounder North average fare per boarding (shown below as AFB) for 2021 was \$4.36, and it was \$3.72 for Sounder South.

Sounder North	2021	2020	2019	Change	
				2021-2020	2020-2019

Sounder special event service

Sound Transit offers occasional special Sounder weekend service, primarily for major sporting events held at Lumen Field and T-Mobile Park. Special event boardings and revenues in the table below are included in Sounder totals presented earlier. There was no special event service in 2020.

Sounder			Change		
Special Events	2021	2020	2019	2021-2020	2020-2019

Special rates of fare

This section describes all Sound Transit fare rates other than the general retail rates as described in the “Fare structures” section above. The Sound Transit Fare Policy (Resolution No. R2014-27) allows for establishing a special rate of fare under certain conditions for special event service, ride-free zones, peace officer fares, discount and free fares (for the purposes of: marketing, educational outreach, customer relations, human services, demonstration of transit services and facility tours hosted by Sound Transit or local transit agencies, public emergencies, natural disasters) and employer/institutional programs. The table below shows the types of discounted/free fares offered and the value of the total discount in 2021 compared with 2020 and 2019. The following sections describe each special fare type further.

Fare media provided for transit promotional and marketing campaigns, educational outreach and transit training, and customer relations and complaint resolution include:

- Complimentary and discounted tickets/passes for one-way tickets on ST Express service valued at \$3.75 per trip (based on maximum value)
- Sounder day passes at \$10.00 per pass (Sounder North) and \$11.50 (Sounder South)
- Link light rail day passes at \$7.00 per pass

In 2021, these discounts remained the same from the previous year, with the discount representing 2% of total passenger fare revenue.

Type of Fare	Value of Discount		
	2021	2020	2019
Free Ride Zone - Tacoma	\$249,198	\$294,312	\$627,761

Total	\$608,218	\$558,553	\$1,202,652

Free ride zone - Tacoma Link

Currently Sound Transit receives \$29,000 per year under an agreement with the City of Tacoma and local Tacoma businesses in lieu of fares for Tacoma Link. This agreement eliminates the need for and cost of fare collection and enforcement. Per Sound Transit Board direction, fare collection is scheduled to begin when the Hilltop Tacoma Link Extension opens, which is currently scheduled for 2023.

In 2021 there were 371,938 Tacoma Link boardings, down from 439,271 in 2020.

The value of foregone revenue for these trips—assuming comparable transit fares and including the average fare impact of transfers, passes and discounts—is approximately \$1.00 per boarding. Price elasticity would reduce boardings in response to a fare, and ST estimates that foregone revenue is approximately \$0.67 per boarding, or \$249,198 in 2021.

Peace officer fares

Sound Transit recognizes any of the following as “fare payment” for peace officers:

- Law enforcement uniform
- Badge or identification

This applies to officers of a Washington general authority and/or federal law enforcement agency.

Sound Transit derived boarding estimates from the 2015-2016 Origin and Destination Survey. Sound Transit applied the percentage of peace officer boardings in 2015-2016 to estimate 2021 ridership, resulting in an estimated \$14,826 of foregone revenue.

Promotional and marketing campaigns

As part of some Sound Transit promotional and marketing campaigns, Sound Transit provides complimentary tickets/passes. Foregone revenue was \$98 in 2021, down from \$7,455 in 2020. There were 15 complimentary tickets/passes distributed in 2021.

Educational outreach and transit training

Sound Transit conducts educational outreach and transit training events, primarily at local schools. Outreach includes Link, Sounder and Martin Luther King Corridor Safety programs. In 2021 Sound Transit provided 1,231 discounted tickets/passes at these events, down from 3,500 in 2020. The total foregone revenue from educational outreach and transit training was \$6,945 in 2021 and \$21,064 in 2020.

Customer relations and complaint resolution

For customer communications and complaint resolution, Sound Transit provides complimentary tickets/passes. The total foregone revenue was \$61,712 in 2021 and \$51,459 in 2020. Reasons for complimentary and discounted tickets/pass distribution included elevator and escalator outages and overcrowding during peak times. *Transit demonstrations and facility tours (includes conferences and industry tours)*

Sound Transit provides complimentary and discounted tickets/passes for transit demonstration activities. The total amount of foregone revenue from this program in 2021 was \$1,128 and \$203 in 2020. Different hosted groups and conferences affect the totals for this category from year to year.

Amtrak RailPlus program

Sound Transit maintains an agreement with Amtrak to allow mutual acceptance of certain fare media on rail service between Seattle and Everett. Sound Transit reimburses Amtrak for each recorded instance of a Sounder rider using a qualifying pass on Amtrak service.

- In 2021, there were no Rail Plus trips.
- In 2020, Sounder riders took 229 Rail Plus trips aboard Amtrak service with an average fare per boarding of \$3.89; foregone revenue for these trips is estimated at \$891.

Human Services Ticket Program

King County Metro coordinates the Human Services Ticket Program, which is administered by the King County Department of Community and Health Services. In 2021 Sound Transit participated in this program by selling Link day-passes to pre-qualified agencies at a 90% discount, and by accepting Metro tickets on ST Express bus service.

The Human Services Program sells discounted transit tickets or day passes to eligible human services agencies. These agencies provide tickets or day passes to clients experiencing homelessness and/or those who have very low incomes. The tickets help clients access shelters, health care, employment and related services critical to personal and residential stability. Per agreement with KCM, ST receives 10% of the retail price of day pass sales and 5% of the retail price of day passes sold in combination with Metro tickets.

The total foregone revenue resulting from the fare discount provided for this program was \$166,019 in 2021 and \$118,716 in 2020.

Paratransit access to Sound Transit fixed route service

In 2021 Sound Transit provided an estimated 1,143 free trips on ST fixed route modes for eligible paratransit shuttle riders. Sound Transit estimates foregone fare revenue for these trips is \$1,852. However, had these trips been taken on actual paratransit shuttle service, the cost would have been approximately \$99,235.

Public emergencies and natural disasters

In 2021 Sound Transit accommodated approximately 20 riders on special service buses due to mudslides and/or other Sound Transit service cancellations. The agency estimates foregone fare revenue for these trips to be \$75.

The number of riders for 2021 reflects the ongoing success of Sound Transit's Operations Department strategy to ensure bus bridge service to customers in the event of rail service disruptions. The practice provides a level of service that anticipates customers' needs and provides immediate service to compensate for the inconvenience of service disruptions.

Sound Transit contracts for coaches from Community Transit, King County Metro, Pierce Transit and Starline Luxury Coaches. When Sounder cannot operate, reduced operating expenses and lower revenues offset the cost of the bus bridges.

Employer/institutional programs

Per the ORCA agreement, Sound Transit may grant a temporary discount of no more than 20% to bulk pass purchasers as long as the purchaser offers a minimum 50% subsidy to the individual pass recipients.

Sound Transit provided no discounts to Business Accounts in 2021.

Low-income fare (ORCA LIFT) promotion

In 2018 the Sound Transit Board approved an interlocal agreement with King County Metro and Public Health that provided Sound Transit funding to train staff at State Department of Social and Health Services offices in Pierce and Snohomish counties to provide ORCA LIFT registration, making it more convenient for people to register for ORCA LIFT. Sound Transit is also providing funding for human services agencies to register ORCA LIFT customers at other locations in Pierce and Snohomish counties. Sound Transit is also providing funding for ORCA LIFT cards preloaded with \$10 (approximately 6-10 free rides) as an incentive for people to register for ORCA LIFT in King, Pierce and Snohomish counties. Together, these efforts help Sound Transit expand ORCA LIFT awareness and registration in Pierce and Snohomish counties and continue to promote ORCA LIFT in King County.

ORCA LIFT Subsidized Annual Pass Pilot Program

In partnership with King County Metro, Sound Transit began offering free ORCA passes to riders with incomes 80% below the federal poverty level (or lower) and who are also enrolled in one of six state benefit programs. The new subsidized annual pass is available to qualified riders living in King, Pierce and Snohomish counties and covers travel on services provided by King County Metro, Sound Transit and the City of Seattle.

The new program is intended to serve people with no income or very-low income who cannot afford the reduced fare on public transportation already available through ORCA LIFT, the Regional Reduced Fare Permit program or the ORCA youth fare. Sound Transit committed to join the program for a two-year pilot period.

The program started in October 2020 and by the end of 2021, 7,019 people enrolled in the subsidized annual pass program.
